12. REAL PROPERTY & EQUIPMENT

- 12.1 Federal Interest. Any real property or equipment acquired or improved under this Award is subject to a federal interest in property equal to the product of the percentage of the federal's contribution to the cost of the purchase or improvement and the fair market value of the property. This interest shall persist for ten years from December 31st of the year the award was closed out. ("Federal Interest Period").

- 12.2 Title to real property or equipment acquired or improved under this Award (“Project Property”) vests in the Grantee, subject to the condition that, for the duration of the Federal Interest Period, the Grantee and any successors or transferees:
 - 12.2.1 Shall use the Project Property for the authorized purposes of the project in the same manner as they use comparable real property and equipment within their networks in the ordinary course of their business, subject to the rights to disposition provided below;
 - 12.2.2 Shall continue to provide internet service to the service areas and at the standard initially agreed upon by the State and Grantee;
 - 12.2.3 Shall participate in federal programs that provide low-income consumers with subsidies on broadband internet access services;
 - 12.2.4 Shall comply with the requirements of 2 CFR 200.310 (Insurance), which may be satisfied by adequate self-insurance;
 - 12.2.5 Shall comply with the use and management requirements for equipment in sections 200.313(c)(4) and 313(d), which may be satisfied by applying the Grantee’s commercial practices for meeting such requirements in the normal course of business (e.g., commercial inventory controls, loss prevention procedures, etc.), provided that such inventory controls indicate the applicable federal interest;
 - 12.2.6 Shall maintain records of real property that include an indication of the applicable federal interest;
 - 12.2.7 May dispose of Project Property in the ordinary course of business when no longer needed to operate the network, such as in order to upgrade equipment and improve facilities, provided that at least the same level of service provided by the network is maintained and there is no material interruption to service and that such upgraded property is subject to the same requirements provided in this guidance as other Project Property;
 - 12.2.8 May otherwise sell or transfer Project Property only after provision of notice to NTIA that identifies the successor or transferee and after securing the agreement of the successor or transferee to comply with these requirements and the acknowledgement of the successor or transferee of the federal property interest; and
 - 12.2.9 Shall notify the State and NTIA upon the filing of a petition under the Bankruptcy Code, whether voluntary or involuntary, with respect to the Grantee or its affiliates.
- 12.3 Pursuant to 2 CFR 200.316 and in recognition that this project is being undertaken for the benefit of the public being served by the broadband infrastructure, for the duration of the Federal Interest Period, the Grantee must hold Project Property in trust for the beneficiaries of the project.
- 12.4 Shall not encumber Project Property except as provided in section 12.4.1. Grantee may not enter into any encumbrances that interfere with the construction, intended use, operation, or maintenance of Award funded property during the Federal Interest Period.
 - 12.4.1 Grantee may encumber Project Property only after provision of notice to NTIA and to the State. The DOC must receive either a first priority security interest (preferred) or a shared first priority security interest in the Project Property such that, if the Project Property were foreclosed upon and liquidated, DOC would receive, on a pari-passu basis with other first position creditors, the portion of the fair market value of the property that is equal to DOC’s contribution to the project costs. For example, if the DOC had contributed 50% of the project costs, the DOC would receive, on a pari-passu basis, 50% of the current fair market value of the property when liquidated.
 - 12.4.2 Grantee shall comply with any future NTIA guidance regarding notice requirements for encumbrances.
- 12.5 Grantee shall prepare and properly record a “Covenant of Purpose, Use, and Ownership” (Covenant) to document the federal interest in Award-funded real property. The Covenant shall acknowledge that Grantee holds title to the Project Property in trust for the public purposes of the BEAD financial assistance award and agrees, among other commitments, that it will repay the federal interest if it disposes or alienates an interest in the Project Property or uses it in a manner inconsistent with the public purpose of the BEAD award, during the useful life of the Project Property. The Covenant must be properly recorded in the real property records in the jurisdiction in which the real property is

located in order to provide public record notice to interested parties that there are certain restrictions on the use and disposition of the Project Property during its useful life and that NITA retains an undivided equitable reversionary interest in the Project Property during the Federal Interest Period.

- 12.5.1 Grantee shall prepare the Covenant using the suggested sample form provided by NTIA.
- 12.5.2 Before the Covenant is recorded, Grantee shall provide a copy to the State for review and shall incorporated any amendments required by the State into the recorded Covenant.
- 12.5.3 After the Covenant is recorded, Grantee shall provide a certified copy or other proof of filing of the Covenant to the State. Such proof must include a copy of the filed Covenant.
- 12.6 After acquiring all or any portion of the equipment under this award, Grantee shall properly file a UCC-1 with the appropriate State office where the equipment will be located in accordance with State of New Hampshire Uniform Commercial Code (UCC). This security interest shall be executed in advance of any sale or lease and not later than closeout of the Award. A clear and accurate inventory of the subject equipment must be attached to and filed with the UCC-1.
- 12.6.1 The UCC filing must include the below or substantively similar language:

The equipment set forth at Attachment A hereto was acquired with funding under a financial assistance award (33-20-B063) issued by the National Institute of Standards and Technology, U.S. Department of Commerce. As such, the U.S. Department of Commerce retains an undivided equitable revisionary interest (federal interest) in the equipment for 10 years after the end of the year in which the award is closed out in accordance with 2 CFR 200.344.

- 12.6.2 Within 15 calendar days following the required UCC filing(s), Grantee shall provide BEA with complete and certified copies of the filed UCC forms and attachments for the equipment acquired with Award funding, including all subgrants, along with a certification from legal counsel licensed by the State of New Hampshire (“Attorney’s Certification”) that the UCC filing was properly executed and filed in accordance with State law. The Attorney’s Certification must include the below or substantively similar language:

*NIST Award Number 33-20-B063
Pursuant to 28 USC 1746, I hereby certify as follows:
I am legal counsel at _____.*

I am licensed to practice law in the State of New Hampshire, having been a license holder of said state in good standing since _____.

Attached hereto is a certified copy of UCC-1 form(s) reflecting that this document was filed in the _____ on _____, 202x, bearing the following filing information [insert filing data, e.g. instrument number, etc.] and consists of _____ recorded pages as certified by the Secretary of State of New Hampshire.

I certify that this/these UCC-1 form(s) has/have been validly executed and properly recorded as noted above.

I certify under the pains and penalties of perjury that the foregoing is true and correct.

Executed on this _____ day of _____.

(Attorney name and title)
(Address and phone number)

- 12.6.3 During the useful life of the equipment, Grantee shall file any necessary UCC-3 continuation statements (or other filings) for the subject equipment consistent with the requirements set forth in this Award. Copies of all filed UCC continuation statements, together with an Attorney's Certification, must be submitted to BEA within 15 calendar days following each such filing. The UCC filings and accompanying Attorney's Certification(s) must be acceptable in form and substance to the NTIA and the National Institute of Standards and Technology (NIST) Grants Officer.
- 12.7 If the Grantee fails to comply with the provisions of 12.2 through 12.6 above the Grantee shall request disposition instructions for the Project Property pursuant to 2 CFR 200.311(d) or 2 CFR 200.313(e), as applicable.

13. EMINENT DOMAIN

- 13.1 As applicable, in accordance with Executive Order 13406, "Protecting the Property Rights of the American People" (June 28, 2006), Grantee shall:
- Not use any power of eminent domain available to the Grantee (including the commencement of eminent domain proceedings) for use in connection with this Award for the purpose of advancing the economic interests of private parties;
 - Not accept title to land, easements, or other interest in land acquired by the use of any power of eminent domain for use in connection with this Award for the purpose of advancing the economic interests of private parties.
- 13.2 Any use of the power of eminent domain to acquire land, easements, or interests in land, whether by the Grantee or any other entity that has the power of eminent domain, in connection with this Award shall be initiated exclusively by the State and shall be conducted in accordance with RSA 498-A and Executive Order 1306 "Protecting the Property Rights of the American People" (June 28, 2006).

14. SITE ACCESS

The Grantee agrees to allow the State or representatives of the State access to work sites funded through this grant agreement for any purpose, which includes publicity, site verification, and any other purpose as determined by the State.

15. SINGLE AUDIT

Federal single audit requirements shall apply to this grant agreement, as set forth in 2 CFR 200 Subpart F, Audit Requirements.

- 16.1 Grantees must monitor award activities for common fraud schemes, including but not limited to:
- false claims for materials and labor;
 - bribes related to the acquisition of materials and labor;
 - product substitution;
 - mismatching or mislabeling on products and materials; and
 - time and materials overcharging.
- 16.2 Should a Grantee detect any fraud schemes or any other suspicious activity, the Grantee must contact the Office of Broadband Initiatives at broadband@livefree.nh.gov. For more information, please refer to the guidance provided by the Office of Broadband Initiatives on reporting program fraud, waste, and abuse: [reporting-fraud,-waste-abuse-office-of-broadband-i.pdf](#).

16.3 Additionally, in accordance with 2 CFR 200.113, an applicant or Grantee must disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Grantees are required to report certain civil, criminal, or administrative proceedings to SAM.gov. Failure to make required disclosures can result in any of the remedies described in 2 CFR 200.339. (*See also* 2 CFR Part 180, 31 USC 3321, and 41 USC 2313.)

17. FIXED AMOUNT SUBAWARD STRUCTURE

17.1 This Award is considered a fixed amount subaward pursuant to the fixed amount subaward structure detailed in NTIA's Uniform Guidance Policy Notice (https://broadbandusa.ntia.gov/sites/default/files/2023-12/BEAD_Policy_Note_of_Uniform_Guidance_Part_200_Exceptions_Related_Issues.pdf), which modifies the standard Uniform Guidance requirements for fixed amount subawards. The Uniform Guidance Policy Notice is incorporated by reference into this Agreement. These terms are subject to further clarification and modification by the NTIA, and any future guidance provided by the NTIA is incorporated by reference into this Agreement without additional notice to Grantee. The following exceptions, modifications, and requirements apply to this Award pursuant to the Uniform Guidance Policy Notice:

- a. The amount of this Award is not capped at the Simplified Acquisition Threshold.
- b. BEAD subrecipients may retain program income without restriction. As a result, subrecipients may retain program income, such as income derived from the servicing and use of supported networks and connections (e.g., wholesale revenues, end-user subscription revenues, etc.), for profit.
- c. This Award is not subject to 2 CFR 200, subpart E: Cost Principles.
- d. This Award is not subject to the Uniform Guidance procurement standards in 2 CFR 200.318-320 and 200.324-326. All other Uniform Guidance procurement standards apply.
- e. This Award may be subject to a cost-sharing or cost-matching requirement.
- f. The requirements for the acquisition, use, management, and disposition of real property and equipment shall be as detailed in Section 12 of this Exhibit.
- g. The property standards set forth in 2 CFR 200.314-315 for supplies and intangible property, respectively, shall not apply to this Award.
- h. The Grantee must certify that the project has reached completion on at latest 48 months after the signing of the Agreement. "Completion" means that the project can fulfill the primary operations that it was designed to perform, delivering services to end-users. At completion, service operations and management systems infrastructure must be operational.

17.2 Other than the exceptions and modifications detailed in the Uniform Guidance Policy Notice and any other applicable NTIA guidance, Grantee must comply with 2 CFR 200.

18. INSPECTION AND TESTING OF MATERIALS

Grantee, as applicable, shall ensure that all materials and equipment used in the completion of the work are subject to adequate inspection and testing in accordance with accepted standards. Construction materials, particularly those upon which the strength and durability of any structure may depend, shall be subject to inspection and testing to establish conformance with specifications and suitability for intended uses. Broadband infrastructure is subject to testing to meet speed and latency requirements outlined in section 25. Grantee shall ensure that documentation of same is cataloged and retained.

19. REQUIREMENTS DURING CONSTRUCTION

During construction, Grantee, as applicable, shall be responsible for:

- a. Ensuring that it meets all deadlines in approved plans and specifications;
- b. Monitoring the progress of grant funded activities;
- c. Reporting progress;
- d. Providing for required construction permits and adequate construction inspection;
- e. Promptly paying costs incurred for grant funded activities;
- f. Monitoring contractors' compliance with federal, State, and local requirements; and
- g. Grantee shall apply, where feasible, design principles for the purpose of reducing pollution and energy costs and optimizing lifecycle costs associated with the construction of the Project.
- h. Constructing and maintaining in good condition throughout the construction period a sign or signs, at the site of grant funded activities in a conspicuous place indicating that the federal government is participating in the activities. Signage requirements are outlined in NTIA's Grant Recipient Guidance on Project Signage here: https://broadbandusa.ntia.doc.gov/sites/default/files/2024-03/NTIA_BIL_Signage_Guidance.pdf. Signs should not be produced or displayed if doing so results in unreasonable cost or expense. NTIA has determined that where construction is taking place in a remote area with few, if any, passersby, then the costs of producing a sign outweigh the benefits of displaying signage.

20. PERFORMANCE BOND OR LETTER OF CREDIT

- 20.1 Prior to Effective Date of this Agreement, Grantee shall furnish either a Performance Bond or a Letter of Credit, to the New Hampshire Office of Broadband Initiatives, which meets the requirements of this Section. The expense of the Performance Bond or Letter of Credit, shall be borne by Grantee and the bonds or letter shall be filed with the Office of Broadband Initiatives prior to the issuance of a Notice to Proceed with construction.
- 20.2 A Grantee may choose to pursue a Letter of Credit Waiver and submit a Performance Bond equal to 100 percent of the BEAD subaward amount, provided that the bond is issued by a company holding a certificate of authority as an acceptable Surety on federal bonds as identified in the Department of Treasury Circular 570. The Performance Bond cannot be reduced as project milestones are reached. If, at any time, a Surety that issued a Performance Bond required by this Agreement is found to be, or ceases to be in strict compliance with any qualification requirements of this Agreement, or loses its right to do business in the State of New Hampshire, another Surety will be required, which Grantee shall furnish to the State within ten (10) days after receipt of notice from the State or after Grantee otherwise becomes aware of such conditions.
- 20.3 A Grantee may submit a Letter of Credit, prior to the Effective Date of this grant Agreement. If Grantee elects to furnish a Letter of Credit, Grantee shall furnish a Letter of Credit substantially equivalent to the model letter of credit posted on BEA's website available at: <https://www.nheconomy.com/office-of-broadband-initiatives/bead/subgrantee-selection>. The Letter of Credit shall be in the amount of ten (10%) of the full amount of the Total Project Funds, unless otherwise agreed in writing by the Office of Broadband Initiatives. If, at any time, a bank or credit union that issued a Letter of Credit required by this Agreement is found to be, or ceases to be in strict compliance with any qualification requirements of this Agreement, or loses its right to do business in the State of New Hampshire, a Letter of Credit from another bank or credit union will be required, which Grantee shall furnish to the State within ten (10) days after receipt of notice from the State or after Grantee otherwise becomes aware of such conditions.

21. ENVIRONMENTAL AND HISTORIC PRESERVATION (EHP) REVIEW

- 21.1 Grantee shall comply with the requirements of all applicable federal, State, and local environmental laws, regulations, and standards and must ensure that contractors and

subcontractors comply with all such requirements as well.

21.2 EHP Pre-Implementation and Funding Conditions

Except for the limited permissible activities identified in Section 21.6 below, Grant funds shall not be disbursed to Grantee prior to the following:

- a. The completion of any review required under the National Environmental Policy Act of 1969 (42 U.S.C. 4321, et seq.) (NEPA), and issuance by NTIA and the State, as required, of a Categorical Exclusion (Cat Ex) determination, Record of Environmental Consideration (REC), Finding of No Significant Impact (FONSI), or Record of Decision (ROD) (hereinafter “decision documents”) that meets the requirements of NEPA;
- b. The completion of reviews required under Section 106 of the National Historic Preservation Act of 1966 (54 U.S.C. 300101, et seq.) (NHPA), including any consultations required by Federal law, to include consultations with the State Historic Preservation Office (SHPO), and Federally recognized Native American tribes;
- c. The completion of consultations with the U.S. Fish and Wildlife Service (USFWS) or the National Marine Fisheries Service (NMFS), as applicable, under Section 7 of the Endangered Species Act (16 U.S.C. 1531, et seq.), and/or consultations with the U.S. Army Corps of Engineers (USACE) under Section 404 of the Clean Water Act (33 U.S.C. 1251, et seq.), as applicable; and
- d. Demonstration of compliance with all other applicable federal, state, and local environmental laws and regulations.

21.3 Grantee Compliance with NEPA

To ensure the timely completion of environmental review for all BEAD-funded activities subject to NEPA review, the Grantee shall:

- a. Not commence implementation and funds shall not be disbursed to Grantee until any necessary environmental review is complete and NTIA has approved any necessary decision document, except for the limited permissible activities identified in Section 21.6 below;
- b. Timely prepare any required NEPA documents and obtain any required permits, and must adhere to any applicable statutory deadlines as described in 42 U.S.C. 4336a(g); and
- c. Provide a milestone schedule identifying specific deadlines and describing how Grantee proposes to meet these timing requirements including, as required, the completion of consultations, the completion of NEPA and Section 106 reviews, and the submission of Environmental Assessments (EAs) or Environmental Impact Statements (EISs).

21.4 Grantee Compliance with NHPA Section 106

To ensure the timely completion of historic preservation review for all BEAD-funded activities, the Grantee shall adhere to, and ensure that all subgrantees adhere to, the provisions of the NTIA memorandum to SHPOs, Tribal Historic Preservation Officers (THPOs), and Internet for All (IFA) grant recipients authorizing IFA grant recipients to initiate Section 106 consultation for NTIA funded projects.

21.5 Grantee shall comply with any further guidance provided by NTIA regarding its responsibilities under this section.

21.6 Limited Permissible Pre-Implementation Activities

The Grantee must ensure that implementation (site preparation, demolition, construction, ground disturbance, fixed installation, or any other implementation activities) does not begin prior to the completion of all EHP requirements as outlined in this Section. The Grantee must comply with all conditions placed on the grant funded activities as the result of NEPA or NHPA consultation or processes under other applicable laws—*e.g.*, mitigation requirements, best management practices, or other measures necessary to reduce environmental impacts—and ensure that Subcontractors comply with such conditions as well. The Grantee must also provide any information requested by NTIA or the State to ensure both initial and ongoing compliance with all requirements described above.

21.6.1 Only if approved by the State in writing, prior to the completion of the EHP review process,

Grantee may undertake limited permissible activities under NEPA to proceed using grant funds, including the following:

- a. Pre-construction planning, including collecting information necessary to complete environmental reviews;
 - b. Applications for environmental permits;
 - c. Studies including, but not limited to, Environmental Assessments (EA), wetland delineations, biological assessments, archaeological surveys, and other environmental reviews and analyses;
 - d. Activities supporting consultations required under the NHPA, the Endangered Species Act, and the Clean Water Act; and/or
 - e. Limited, preliminary procurement, including the purchase or lease of equipment, or entering into binding contracts to do so; the purchase of applicable or conditional insurance; and/or funds used to secure land or building leases (including right-of-way easements).
- 21.6.2 If Grantee undertakes unauthorized project activities in contravention of this Section it does so at its own risk. The State may consider such activities to be Events of Default under this agreement or cause for the imposition of the remedies identified in 2 CFR 200.339.
- 21.6.3 Grantee shall notify the State within 24 hours upon receipt of any Section 106 notices of foreclosure; notices requesting continuing or supplemental consultation received from the SHPO, THPO, or other consulting party or the USFWS or NMFS; or notices of noncompliance received from consulting authorities or regulatory agencies.
- 21.6.4 Any change to the approved scope of Award funded activities proposed after the completion of environmental and historic preservation review that has the potential for altering the nature or extent of environmental or historic preservation impacts shall be brought to the attention of the State and will be re-evaluated for compliance with applicable requirements.
- 21.6.5 Archaeological Resources: Burial sites, human remains, and funerary objects are subject to the requirements of all applicable Federal, Tribal, state, and local laws and protocols, such as the Native American Graves Protection and Repatriation Act (NAGPRA), in addition to Section 106 of the NHPA. Grantees shall notify the State of inadvertent discoveries and potential impacts to these resources and identify and follow all applicable laws or protocols. If any potential archeological resources or buried human remains are discovered during construction, the Grantee shall immediately stop work in that area, secure that area, and keep information about the discovery confidential, except to call local authorities and notify the State. Such construction activities may then only continue with the written approval of the State.

22. SCHEDULING INSPECTION FOR FINAL ACCEPTANCE

Grantee shall schedule a final inspection for each broadband infrastructure project and other construction activities when all construction has been completed, the architect/engineer has conducted its own final inspection, and any deficiencies have been corrected. Representatives of the State, NTIA, Grantee, the architect/engineer, and the contractor(s)/subcontractor(s) may attend the Grantee's final inspection for each project. The State must be given reasonable advance notice of each final inspection so that a representative of the State and NTIA may participate.

23. PROHIBITION ON THE SUPPLANTATION OF FUNDS

Consistent with 47 U.S.C. § 1702(l), Grantee shall use Grant funds to supplement, and not supplant, the amounts of federal or non-federal funds that Grantee would otherwise make available for the purposes for which Grant funds may be used. *See also* NOFO V.H.2.

24. CIVIL RIGHTS AND NONDISCRIMINATION LAW COMPLIANCE

Consistent with 47 U.S.C. § 1702(g)(2)(C)(ii), Grantee must abide by the non-discrimination requirements set forth in the legal authorities listed in the NOFO, to the extent applicable. Failure to do so may result in termination of this Award and/or recoupment of funds already disbursed. *See also*, NOFO IV.C.1.g.

25. NETWORK CAPABILITIES

Pursuant to 47 U.S.C. § 1702(g)(1)(A), Grantee shall ensure that every Funded Network meets the criteria related to speed and latency and network outages outlined in the NOFO IV.C.2.a. Funded Networks shall deliver Reliable Broadband Service with speeds of not less than 100 Mbps for downloads and 20 Mbps for uploads. In addition, 95 percent of latency measurements during testing windows must fall at or below 100 milliseconds round-trip time. Each Funded Network's outages should not exceed, on average, 48 hours over any 365-day period except in the case of natural disasters or other force majeure occurrence.

26. DEPLOYMENT DEADLINES AND BENCHMARKS

Pursuant to 47 U.S.C. § 1702(h)(4)(C), Grantee shall deploy its Funded Networks and begin providing broadband service to each serviceable location not later than four years after the Award date. The Grantee shall establish interim buildout milestones, enforceable as conditions of the subgrant, sufficient to ensure that Grantees are making reasonable progress towards meeting the four-year deployment deadline. The Grantee may, following consultation with BEA and the NTIA, extend the deadlines under this subparagraph if the Grantee reasonably determines that (i) the Grantee has a specific plan for use of the grant funds, with broadband infrastructure project completion expected by a specific date not more than one year after the four-year deadline; (ii) the construction project is underway; or (iii) extenuating circumstances require an extension of time to allow the project to be completed.

27. CONDUIT ACCESS POINTS

Pursuant to 47 U.S.C. § 1702(h)(4)(D), any Funded Network deployment project that involves laying fiber-optic cables or conduit underground or along a roadway shall include interspersed conduit access points at regular and short intervals for interconnection by unaffiliated entities. Where a project proposes to lay conduit, Grantee shall deploy a reasonable amount of excess conduit capacity. *See* NOFO IV.C.2.b.ii.

28. AFFORDABILITY AND LOW-COST PLANS

Pursuant to 47 U.S.C. § 1702(h)(4)(B), Grantee shall offer at least one low-cost broadband service option. Pursuant to Section 1702(h)(5)(C), NTIA or the State may take corrective action, including recoupment of funds from the Grantee, for noncompliance with the statutory low-cost plan requirement. Grantee shall adhere to the application description of its low-cost plan requirements and middle-class affordability plan to ensure that all consumers have access to affordable high-speed internet. Grantee shall ensure that services offered over Funded Networks allow subscribers in the service area to utilize the Affordable Connectivity Program, or any successor program. Grantee must continue to offer the low-cost broadband service option to eligible subscribers, during the Federal Interest Period. *See* NOFO IV.C.2.c.i.

29. CONSUMER PROTECTIONS

Grantee shall not impose data usage caps, installation or other non-recurring charges, surcharges, or usage based performance reductions, on any plans offered over a Funded Network, or impose unjust or unreasonable network management practices. Grantee may apply otherwise-applicable

acceptable use policies to Funded Networks.

30. ACCESS TO SERVICE

Pursuant to 47 U.S.C. § 1702(g)(2)(C)(ii), operators of Funded Networks shall provide access to broadband service to each customer served by the project that desires broadband service on terms and conditions that are reasonable and non-discriminatory. *See* NOFO IV.C.2.c.iii.

31. PUBLIC NOTICE

Pursuant to 47 U.S.C. § 1702(h)(4)(G), Grantee shall carry out public awareness campaigns in its service areas that are designed to highlight the value and benefits of broadband service in order to increase the adoption of broadband service by consumers, including information about low-cost broadband service options for eligible subscribers. Once a Funded Network has been deployed, Grantee shall provide public notice, online and through other means, of that fact to individuals residing in the locations to which broadband service has been provided and share the public notice with the State.

32. INTERCONNECTION REQUIREMENTS AND WHOLESALE ACCESS

Consistent with 47 U.S.C. § 1702(h)(4)(E), Grantee shall allow such interconnection at any technically feasible point on the Middle Mile Infrastructure network (without exceeding current or reasonably anticipated capacity limitations). If at any time, Grantee is no longer able to provide broadband service to the end user locations covered by this Award on a retail basis, remedial action shall be taken to ensure continuity of service. In consultation with NTIA, the State shall require the Grantee to sell the network capacity at a reasonable, wholesale rate on a nondiscriminatory basis to one or more other broadband service providers or public-sector entities or sell the network in its entirety to a new provider who commits to providing services under the terms of the BEAD Program.

33. CYBERSECURITY AND SUPPLY CHAIN RISK MANAGEMENT (SCRM)

- 33.1 Pursuant to 47 U.S.C. § 1702(g)(1)(B), Grantee, in carrying out activities using amounts received from the State, shall comply with prudent cybersecurity and supply chain risk management practices, as specified by the Assistant Secretary, in consultation with the Director of the National Institute of Standards and Technology and the Federal Communications Commission.
- 33.2 Grantee shall comply with the cybersecurity plan included in its Approved BEAD Grant Application (Exhibit K), which may be modified as discussed in this subsection.
 - 33.2.1 Grantee shall ensure that its cybersecurity plan reflects the latest version of the NIST Framework for Improving Critical Infrastructure Cybersecurity (currently Version 1.1) and the standards and controls set forth in Executive Order 14028 and specifies the security and privacy controls being implemented.
 - 33.2.2 The plan will be reevaluated and updated on a periodic basis and as events warrant. If Grantee makes any substantive changes to the plan, a new version will be submitted to the State within 30 days.
 - 33.2.3 The State will provide the Grantee's plan to NTIA upon NTIA's request.
- 33.3 Grantee shall comply with the SCRM provided in its Approved BEAD Grant Application (Exhibit K), which may be modified as discussed in this subsection.
 - 33.3.1. Grantee shall ensure that its SCRM plan is based upon the key practices discussed in the NIST publication NISTIR 8276, [Key Practices in Cyber Supply Chain Risk Management: Observations from Industry](#), and related SCRM guidance from NIST, including NIST 800-161, [Cybersecurity Supply Chain Risk Management Practices for Systems and Organizations](#) and specifies the supply chain risk management controls being implemented.
 - 33.3.2. The plan will be reevaluated and updated on a periodic basis and as events warrant. If the Grantee makes any substantive changes to the plan, a new version will be submitted to the State within 30

days.

33.3.3. The State will provide the Grantee's plan to NTIA upon NTIA's request.

33.4 To the extent the Grantee relies in whole or in part on network facilities owned or operated by a third party (e.g., purchases wholesale carriage on such facilities), Grantee shall obtain the above attestations from its network provider with respect to both cybersecurity and supply chain risk management practices. *See* NOFO IV.C.2.c.vi.

34. PROHIBITION ON PROFIT AND FEES

A profit, fee, or other incremental charge above actual cost incurred by Grantee is not an allowable cost under this Award. *See* NOFO V.H.2.b.

35. PROHIBITION ON USE OF GRANT FUNDS TO SUPPORT OR OPPOSE COLLECTIVE BARGAINING

A Grantee may not use Grant Funds, whether directly or indirectly, to support or oppose collective bargaining. *See* NOFO V.H.2.c.

36. FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT OF 2006

In accordance with 2 CFR Part 170, Grantee shall comply with reporting requirements under the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. No. 109-282). In general, all Grantees are responsible for reporting subgrants of \$30,000 or more. In addition, Grantees that meet certain criteria are responsible for reporting executive compensation. Applicants must ensure they have the necessary processes and systems in place to comply with the reporting requirements should they receive funding. *See also* NOFO VII.H.

37. PROTECTED AND PROPRIETARY INFORMATION

37.1 Grantee shall support program reviews and evaluations by submitting required financial and performance information and data in an accurate and timely manner, and by cooperation with the State, the Department, of Commerce and external program evaluators.

The Grantee agrees by submitting this Contract that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the State.
7. The Grantee further agrees by submitting this Contract that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions,” provided by State, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A Grantee in a covered transaction may rely upon a certification of Grantee in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A Grantee may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a Grantee is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (10) Except for transactions authorized under paragraph 6 of these instructions, if a Grantee in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, State may terminate this transaction for cause or default.

L. 88-352), Title IX of the Education Amendments of 1972, as amended, (Pub. L. 92-318, Pub. L. 93-568, and Pub. L. 94-482), Section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112), the Age Discrimination Act of 1975 (Pub. L. 94-135), Title VIII of the Civil Rights Act of 1968 (Pub. L. 90-284). In accordance with the above laws and regulations issued pursuant thereto, the Grantee agrees to assure that no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity in which the Grantee receives Federal assistance.

Applicability and Period of Obligation

In the case of any service, financial aid, covered employment, equipment, property, or structure provided, leased, or improved with Federal assistance extended to the Grantee by the State with federal ARPA funds, this assurance obligates the Grantee for the period during which Federal assistance is extended. In the case of any transfer of such service, financial aid, equipment, property, or structure, this assurance obligates the transferee for the period during which Federal assistance is extended. If any personal property is so provided, this assurance obligates the Grantee for the period during which it retains ownership or possession of the property.

Employment Practices

Where a primary objective of the Federal assistance is to provide employment or where the Grantee's employment practices affect the delivery of services in programs or activities resulting from Federal assistance extended by the State, the Grantee agrees not to discriminate on the ground of race, color, national origin, sex, age, or disability, in its employment practices. Such employment practices may include, but are not limited to, recruitment, advertising, hiring, layoff or termination, promotion, demotion, transfer, rates of pay, training and participation in upward mobility programs; or other forms of compensation and use of facilities.

Subrecipient Assurance

The Grantee shall require any individual, organization, or other entity with whom it subcontracts, subgrants, or subleases for the purpose of providing any service, financial aid, equipment, property, or structure to comply with laws and regulations cited above. To this end, the subrecipient shall be required to sign a written assurance form; however, the obligation of both recipient and subrecipient to ensure compliance is not relieved by the collection or submission of written assurance forms.

Data Collection and Access to Records

The Grantee agrees to compile and maintain information pertaining to programs or activities developed as a result of the Grantee's receipt of Federal assistance from the State. Such information shall include, but is not limited to the following: (1) the manner in which services are or will be provided and related data necessary for determining whether any persons are or will be denied such services on the basis of prohibited discrimination; (2) the population eligible to be served by race, color, national origin, sex, age and disability; (3) data regarding covered employment including use or planned use of bilingual public contact employees serving beneficiaries of the program where necessary to permit effective participation by beneficiaries unable to speak or understand English; (4) the location of existing or proposed facilities connected with the program and related information adequate for determining whether the location has or will have the effect of unnecessarily denying access to any person on the basis of prohibited discrimination; and (5) the present or proposed membership by race, color, national origin, sex, age and disability in any planning or advisory body which is an integral part of the program.

The Grantee agrees to submit requested data to the State, the U.S. Department of Treasury or OMB regarding programs and activities developed by the Grantee from the use of ARPA funds extended by the State upon request. Facilities of the Grantee (including the physical plants, buildings, or other structures) and all records, books, accounts, and other sources of information pertinent to the Grantee's compliance with the civil rights laws shall be made available for inspection during normal business hours on request of an officer or employee of the State, the U.S. Department of Treasury or OMB specifically authorized to make such inspections.

The Grantee recognizes and agrees that such Federal assistance will be extended in reliance upon the representations and agreements made in this assurance, and that the United States shall have the right to seek judicial enforcement of this assurance. This assurance is binding on the Grantee, the successors, transferees, and assignees, as well as the person(s) whose signatures appear below and who are authorized to sign this assurance on behalf of the Grantee.
